# LET YOUR GOOD GLOW

## EVENT DETAILS

### Let your good glow

Join us Friday, October 4, for Glow All Out, North Kansas City Hospital's inaugural fundraising event celebrating the hope and healing impact of our health system in the Northland. Guests will enjoy great entertainment, cocktails and cuisine at the new CPKC Stadium. With your help we will shine a light on critical patient care needs.

## ABOUT NKCH

### World-class care close to home

North Kansas City Hospital is a world-class regional health system strengthened by the exceptional doctors, clinicians, staff and supporters of North Kansas City Hospital and Meritas Health. From our award-winning cardiovascular and orthopedic programs to our cancer, emergency, neurosciences, spine, women's and other services, NKCH provides a lifetime of care and is the only health care organization dedicated to caring for the Northland.

As a 501(c)(3) charitable organization, philanthropy plays a significant role in fulfilling our ongoing mission and with generous support from donors, we will continue to provide life-saving care to all who come through our doors.

## BENEFICIARY

### Expanding life-saving care for the Northland

Interventional Radiology (IR) uses medical imaging to guide minimally invasive procedures that help diagnose diseases earlier, monitor treatments more effectively and deliver therapies with greater precision. IR reduces recovery time, pain, and risk to patients who would otherwise need traditional open surgery and is the best way to treat many types of conditions related to cancer, gastrointestinal issues, vascular interventions, pain management and more.

IR at NKCH collaborates with nearly every department in the health system, performing more than 4,800 procedures each year, many of them urgent. With procedures doubling in the last 24 months and with increasing referrals, we need to expand the program to meet the needs of our patients and save more lives.

The planned expansion will include investing in technology and critically needed new space for one of our most pivotal services. Your support of Glow All Out ensures our patients receive leading-edge care close to home.

## CHAIRS

David & Sandy Johnson
