## Background

The Health Insurance Portability and Accountability Act of 1996 (HIPAA) requires healthcare providers such as North Kansas City Hospital and Meritas Health Corporation, referred to in this notice collectively as “we” or “our” or “us,” to maintain the privacy of patients’ health information. If you see a provider who is not affiliated with us in their private office, different policies or practices may apply and you may want to ask them for a copy of their Notice of Privacy Practices.

## Our Promise Regarding Your Health Information Privacy

Our privacy policies and practices protect confidential health information that identifies you or could be used to identify you and relates to a physical or mental health condition or the payment of your healthcare expenses. This individually identifiable health information is known as protected health information (PHI). Your PHI will not be used or disclosed without written authorization from you, except as described in this notice or as otherwise permitted by federal and state health information privacy laws.

## HOW WE MAY USE AND DISCLOSE HEALTH INFORMATION ABOUT YOU

The following are the different ways we may use and disclose your PHI without first having to obtain your written authorization.

- **To Our Own Healthcare Providers.** We may share your PHI with our physicians and our healthcare providers so that such providers can care for you, obtain payment for their services and conduct healthcare operations.
- **For Treatment.** We may disclose your PHI to nurses and other healthcare professionals on staff and to physicians who provide you treatment. We also may disclose your PHI to other healthcare providers not affiliated with us who provide you treatment.
- **For Payment.** We may use and disclose your PHI so claims for healthcare treatment, services and supplies you receive may be paid. For example, we may submit claims to your insurer or other parties responsible for payment of your care. We may also need to obtain prior approval from your insurer and in doing so explain to the insurer your need for our care and the services that will be provided to you.

For example, we may use your PHI to plan our future operations; for case management; to conduct compliance, medical or legal services reviews, audits or quality assurance; or to evaluate our staff’s performance.
- **Health Information Exchange.** We participate in a Health Information Exchange (HIE). An HIE allows healthcare professionals and patients to access and securely share a patient’s vital medical information electronically. Your PHI may be disclosed to the HIE and to other healthcare providers that participate in the HIE.
- **For Fundraising.** We may use or disclose your PHI to support our philanthropy efforts. You have the right to opt out of fundraising communications. To do so, please contact our Philanthropy Department at 816.691.1445.

## HOW WE MAY USE AND DISCLOSE HEALTH INFORMATION ABOUT YOU IF YOU DO NOT OBJECT

The following are the different ways we may use and disclose your PHI if you do not object.

- **Individuals Involved in Your Care or Payment of Your Care.** We may disclose PHI to a close friend or family member involved in or who helps pay for your healthcare. In an emergency situation, we may also disclose PHI to a disaster relief agency, such as the Red Cross, to help notify your friends or family of your location.
- **Directory.** North Kansas City Hospital may use or disclose your PHI to include you in our patient directory, which includes your name, location in the hospital and general condition. A member of the clergy may also obtain your religious affiliation from the directory. If you do not want to be listed in the directory, talk to your admitting clerk or a nurse.

## SPECIAL USES AND DISCLOSURES

The law allows us to use or disclose your PHI under the following special circumstances without first having to obtain your written authorization.
